

Product Bulletin
 April 2011
 U.S.

We are happy to announce that we've added an extra benefit to the Luber-finer product line. We have approximately 400 Luber-finer items that can now be ordered as a "single" pack. These numbers have been set up with a -1 suffix, and must be ordered as such in order to ensure that a "single" is received. Please contact your Sales Representative for pricing. Or if you have additional questions, you may call your Customer Service Representative. A listing of these new single items will be listed separately on our Luber-finer website. Thank you.

Bolded items are this month's new bulletin additions

Cross references are for general reference only. Check for correct filter application. Any use of this bulletin as an interchange to determine filter application is done at the installers risk.
